

Student Checklist

UniSA Clinical Health Sciences

Bachelor of Nursing Student Checklist

This Checklist has been developed to assist you with obtaining Conditional Evidence documents required by students to be eligible to attend placement. Conditional Evidence is required to be current for the duration of your placement unless otherwise notified.

Students are required to submit Conditional Evidence documents to their [InPlace](#) student profile for verification by the Clinical Placement Unit.

IMPORTANT:

Students must demonstrate full compliance with the Program's Compulsory Conditional Evidence Requirements prior to allocation of a clinical placement.

Students who are deemed non-compliant with any outstanding items listed in this *Student Checklist* will not proceed to clinical placement, and consequently, will be unable to continue with their studies, thus extending the time to complete their program.

It is the responsibility of students to ensure that their conditional evidence is current for the duration of their program.

You are required to:

- Complete your relevant checklist and keep original documents in a folder, placement sites may ask to view original documents.
- Upload copies of conditional evidence items to InPlace: (<https://unisa-prod.inplace.com.au/>) and PebblePad
- Present conditional evidence documents to placement venue staff on the first day and/or as requested
- Keep your conditional evidence documents current for the duration of your placement.
- **Important: Do not action the conditional evidence requirements on this checklist, until you have reviewed the Conditional Evidence Matrix below**

Conditions Evidence Key

☑ = Condition must be met by student and evidence submitted to InPlace.

☒ = Condition does not need to be met by student

☑ = Condition is not mandatory but recommended

■ = Condition is required to be completed by student, placed in folder, and uploaded to InPlace. Document is not verified by CPU

UniSA Clinical Health Sciences	
Compulsory Conditional Evidence Requirements	Bachelor of Nursing
All items with a green tick in this table MUST be completed, uploaded to InPlace and verified to be considered compliant and eligible to attend placement
