

YOUR ACADEMIC PROGRESS RESULTS

Dear <Student Name>

To ensure you are adequately supported and able to complete your program, we regularly monitor your academic progress. You have been identified as making unsatisfactory progress in your studies for a second time and are now considered at risk of losing your place in your program.

For Academic Review Period you have been identified as making unsatisfactory progress, as you have: **<the below list is dynamic and will update based on why the student has been notified>**

- Failed 50% of your courses in this review period *and/or*
- Failed a course(s) for a second time *and/or*
- Failed a practicum or clinical placement *and/or*

What does this mean for my studies?

There are three stages to Academic Review: Notifications 1, 2, and 3. As you have failed to progress in your studies for a second time, you are now at Notification 2 and are required to attend formal academic counselling.

It is crucial that you continue to engage with academic counselling.

If you don't take any action, and are identified for a third time, you may lose your place in your program, and be [precluded](#) from further study in this discipline for two years.

What happens next?

Step One

To help formulate a path to success, you are required to complete an **Academic Support Plan**. Click the button below to begin the questionnaire. You need to have completed the support plan within the next **10 working days**.
