

Dear <Student Name>

We recently sent you a communication regarding the decision to preclude you from the <Program Name> due to unsatisfactory academic progress.

As you have not appealed within the required timeframe, you have now been precluded from your program. Your relevant enrolments will be cancelled, and the related debt cleared.

What does it mean to be precluded?

As previously advised, preclusion means that:

- You will be prevented from studying in this program, or a program in the same discipline, for the next two years.
- Application for re-admission will follow normal procedures and is not guaranteed.
- If you are a domestic student and you gain re-admission, you will be classified as a new student for the purposes of assessing fees or eligibility for Commonwealth support or assistance.

Your preclusion is effective from <Preclusion Start Date>. If you wish to re-apply through the normal admission process you can do so as of <Preclusion End Date>.

This decision is final and there are no further avenues of appeal available within the University.

You are entitled to lodge a complaint about this decision with an [external agency](#) at minimal or no cost.

Please be aware that the purpose of the external complaints process is generally to consider whether the University has followed its policies and procedures, rather than make a decision in place of the University.

If you decide to lodge a complaint with an external agency:

- You must advise Campus Central in writing of the name of the external body with whom you have lodged your complaint. This must be advised within **10 business days** of this communication.
- If you lodge a complaint and notify Campus Central within this timeframe your place in the program will be held, pending the outcome of this action. However, you will not be permitted to enrol in further courses, or incur further fees.

If the complaint is unsuccessful, the University will take the appropriate action, irrespective of whether you choose to pursue further avenues of complaint.
